

BUILDING A POSITIVE TEAM AND SOLVING NEGATIVITY IN THE WORKPLACE

You *can* supervise or work in a positive environment! This workshop gives supervisors and employees the tools they need to bring harmony and cooperation into the workplace. The resulting improved work habits also lead to better health and greater productivity. ~**Al McCommas**

MOLDING NATIVE CLAY

As an artist imagines his finished sculpture before working on the clay, managers learn invaluable techniques in this workshop that help them “mold” their workforces into productive, confident, positive employees who build successful careers. ~**Roger Leslie**

LEGENDARY TRAILS ~ Creating Leaders

Illustrating with personal tales of trial and tribulation, Roger shows how he dealt with adversity and became successful running a multimillion-dollar operation. Participants learn to identify their individual challenges while establishing goals and using proven leadership techniques to create pathways to their personal success. ~**Roger Leslie**

GROWTH & WELLNESS

SKILLS FOR MANAGING CHANGE AND STRESS IN A NATIVE SETTING

Between Father Sky and Mother Earth run the energy lines among all the living. When they are in perfect harmony, love flows into minds and refreshes our energy. Participants learn skills for managing the stress of change at home and work.

June 9, Phoenix ~Clarlynn Merino

CARE FOR THE CAREGIVER

This empowering seminar illuminates purpose for caregivers. They better understand why self-care is vital to caring for others and learn how to set healthy boundaries while exploring ways to strengthen the Spirit. Clarlynn also shares Apache healing techniques for working with energy medicine.

June 10 & July 8, Phoenix ~Clarlynn Merino
